

COMPANY PROFILE

Who We Are

Established in 1999, **Intercontinental Shipping Limited (ICSL)** is the lead company for a group of companies providing logistics services and solutions to customers in the Caribbean in the areas of freight forwarding, customs brokerage, vessel agency and marine transport services.

The group's activities support a comprehensive logistics solution within the region, both in the energy and trade sectors.

Our Timeline

INTERCONTINENTAL BROKERAGE LIMITED

was established in 2003 to meet the growing needs of our customers for Customs Brokerage services. This allowed us to have full control of shipments from the supplier's door to site.

2003

INTERCONTINENTAL SHIPPING LIMITED

was formed in 1999 as a shipping agency and evolved into a major service provider in the domains of freight forwarding, customs brokerage, vessel agency services, and as a supplier of crew, utility and platform supply vessels to the energy sector.

1999

TRINIDAD MOORING & LAUNCH SERVICES LIMITED

was established in 2003 to provide critical, time-sensitive marine transportation services across the petroleum lifecycle for supporting exploration, development, and production operations within the Caribbean, South America and Africa.

2003

INTERCONTINENTAL POINT LISAS FACILITY LIMITED

was established in 2017 when we acquired the former Shell Lubricating Plant in Point Lisas Industrial Estate which is strategically located directly next to the Port of Point Lisas. This facility provides a "one-stop service" for our customers.

2017

INTERCONTINENTAL SHIPPING (GUYANA) INC.

began operations in 2022 as a logistics service provider for customers in the South American Region. We specialize in delivering dependable Freight Forwarding & Logistics Management services to the Guyanese market.

2022

Mission

ICSL will strive to produce a service of high quality, suitable and compliant with the requirements of our customers at a competitive price and will pursue opportunities to offer continual improvement by embracing best practices and offering innovative solutions.

Vision

ICSL aims to be the premier one-stop integrated logistics provider for customers within Trinidad and Tobago, in the Caribbean and beyond.

Strategically Positioned

Trinidad and Tobago is an island country of the southeastern West Indies. It consists of two main islands —Trinidad and Tobago — and several smaller islands. The population of Trinidad and Tobago was estimated at 1,525,663 and continues to grow.

Our Strategic Alliances

Through our global network and our strategic alliances, we provide a wide range of logistical and shipping solutions from the far ends of the world.

Intercontinental Point Lisas Facility

From its Intercontinental Point Lisas Facility (IPLF), ICSL can offer a "one-stop logistics service" for all of its clients. With the acquisition of the former Shell Lubricating Plant at Point Lisas, we now have the infrastructure, management and technical skills necessary to provide a full range of 3PL (third party logistics) and warehousing services.

Our 8 acre facility is next to the Port of Point Lisas. We have a dedicated quayside next to the Port with a 1.6 km 8" pipeline, linked from the pier to our facility which enables simple product transfer. Our tankage capacity is 40,000 bbls.

Our Capabilities

Offshore Logistics Hub

- Dedicated 24-Hour Quayside
- Laydown Area
- Warehouse Storage
- Project Office Support
- Staging Area for offshore development projects, and materials management for offshore drilling, development and production activities

Intercontinental Shipping Guyana Inc. (ISGI) emerged as a distinct entity from Intercontinental Shipping Ltd (ICSL) in 2022. It has established itself as a preferred logistics supplier for customers in Guyana. With a strategic position in the market, ISGI is poised to expand its current operations and leverage new opportunities to deliver comprehensive and holistic logistical solutions throughout the region.

We Offer:
